

FOR IMMEDIATE RELEASE

COSATRON SELECTS TRS-SESCO FOR REPRESENTATION

Concord, NC (*June 22, 2015*) – CosaTron, the leading U.S. manufacturer of air contamination control systems for commercial HVAC systems, announces the addition of Thermal Resource Sales, Inc. (TRS-SESCO) to its expanding representative network. CosaTron’s air purification technology is available immediately to clients in North Carolina, South Carolina, and Georgia.

Thermal Resource Sales provides exclusive representation and sales for manufacturers of commercial and industrial HVAC equipment. “TRS-SESCO is the ideal rep firm to represent the CosaTron technology. Their experience and expertise in promoting engineered products is second to none. We are extremely pleased to have them join our constantly growing rep network,” said Doug Crooks, Director of Sales at CosaTron.

CosaTron products are designed to remove contaminants in both, existing buildings and new construction. Ideal applications include airports, medical facilities, government agencies, schools, retail spaces, and other industrial and commercial buildings. TRS’s General Manager Doyle Freeman said, “TRS has the experience and expertise to participate in specialized high-tech markets, as well as, commercial and industrial HVAC applications. We are confident the addition of CosaTron’s air purification technology will benefit our clients and their customers.”

About CosaTron

CosaTron is the global leader in indoor air quality solutions with over 33,000 installations in 18 countries. For over 50 years, CosaTron's patented technology has been controlling submicron contaminants in commercial, industrial and institutional applications such as medical facilities and government buildings without any negative side effects, such as ozone and "contaminate plating". CosaTron technology accelerates the natural process of collision and coagulation improving the efficiency of filters, which allows the efficient removal of germs, bacteria, allergens, smoke, volatile organic compounds, industrial process byproducts and other dangerous pollutants from the air. CosaTron is a division of CRS Industries, Inc. and is a privately owned U.S. company.
